(2) CIA/PID Project No. C 871-63

1. This memorandum is in answer to the above referenced requirement which requests photographic enlargements of various power plants and a substation in Cuba.

2. Enclosed with this memorandum are the following enlargements of requested power facilities:

- a. Santiago De Cuba - Power Plant, East Side of Bay  
CIA/PID/IB-P-873/63
- b. Santiago De Cuba - Power Plant, Punta Rente  
CIA/PID/IB-P-874/63

3. It was suggested in the requirement that the transformers in the Boqueron Substation possibly have been removed. Two or possibly three large, dark objects can be seen in the southern portion of this substation. These objects are probably transformers. It is, therefore, felt that the transformers have not been removed from this substation.
